

TOWN OF SHREWSBURY, VERMONT

Location of 1920 remains of house of squared logs near the northeast corner of Lot 49 as this lot is shown on the map by C.C.Turnbeau on p8 of "Shrewsbury, Vermont: Our Town As It Was" by Dawn Hance, Rutland: Academy Books, 1980.

The old house, said by Charles P. Russell to have been a tavern on the Crown Point Road, was about 100 yards east of a great boulder, which had split at a slant, to make a cave.

As recalled by Russell L. Perry, November 1980.
