

SCC Minutes
3/12/19
1608 Lottery Rd.
5:15 pm

Connie Youngstrom, Weezie Duda (via FaceTime), Cynthia Thornton, Pam Darrow, Grace Brigham

1 - February minutes read and approved

2- Walks and Talks

The Game Camera event was well attended. Attendees included some member of Linda Shelvey's tracking club. Grace thinks that these animal photos might be enjoyed by the kids at the mountain school. When she goes to the Sustainability Meeting at SMS she will ask about this. Grace will write up a summary of this walk and talk for the Times.

The next event is Gardening for Pollinators on April 12 at 7pm. Pam is coordinating this event and will put an add in the Times. The deadline is the 20th. Connie will bake some cookies and give the receipts for her ingredients to Chris Clarke.

There will be a wildflower walk and talk in May. Connie will lead this and it will probably be at Spring Lake.

We reviewed other future walk and talks.

3 - Connie was contacted by Alice Martin who suggested a recycling program to explore the ins and out of recycling. Perhaps Cassella Zero Sort or Rutland Solid Waste could come and give some information. Connie will ask Alice if she would like to help organize this potential event in November.

4- Weezie gave a brief update of the land conservation project.

5- Green Up

We would like to get more school(s) involvement in Green Up. Grace will talk to the principal at SMS when she goes to the sustainability meeting.

Meeting adjourned at 6 pm.

Next meeting: Tuesday, April 2 at 5:15 at 1608 Lottery Rd.
